Digital and printed images; Computers, phones, tablets, TV screens, printers, papers are not all calibrated the same and colors viewed and printed from this digital file may not represent the true color. A physical color chip from *Sherwin-Williams* is required for true color matching to paint colors. Products with the same color name like "gray" are not necessarily the same exact color as another item with gray in its name. Please do not reference *Sherwin-Williams* paint color names to another paint supplier as the colors may be different. If using a different paint supplier "Brand" use the color chips provided from *Sherwin-Williams* for scanning and color matching.
